The Atlantic County Office of Emergency Preparedness announces the new ReadyAtlantic.org Public Safety Portal.

The new ReadyAtlantic.org Public Safety Portal is a one stop shop for the First Responder Community in Atlantic County. This site will allow First Responders to access information whenever it is needed. First Responders will be able to login using a username and password to access the information they need for their respective disciplines (Law Enforcement - will only see LAW ENFORCEMENT SENSITIVE INFORMATION).

This guide will give you a quick run through of some the features in the Public Safety Portal.

From the Ready Atlantic website
click on the login link at the top
right corner of page:

You will be taken to the login page.

Enter your username and password

Once logged in you will be taken to the Public Safety Portal:

Here are some of the features in the Public Safety Portal:

The screenshot shows the Atlantic County Public Safety Portal. At the top left is the Atlantic County logo and the URL **READYATLANTIC.ORG**. The main header features a search bar, login options, and a "Training" link. A "Homeland Security Advisory System" indicator shows an "ELEVATED" threat level. The navigation menu includes "Home", "Plan/Prepare", "Act", "Stay Informed", and "Get Involved".

Key features highlighted by callout boxes:

- Documents:** A grid of links for CERT, FC25, Communications / Dispatch, Fire Service, Emergency Management (OEM), HAZMAT, Emergency Medical Services (EMS), and Law Enforcement (PD). A callout box says: "Click on these links to view documents".
- Announcements:** A list of recent news items including a USDOJ COPS Grant, an NJ Alert, a Federal Medical Response Seminar, and a Firefighter Safety study. A callout box says: "Announcements are listed here".
- Traffic:** A section for traffic alerts, currently showing "There are no traffic alerts posted at this time." A callout box says: "Traffic Notifications will be here".
